

Trintella 1a 1972

A very sound boat but now needing some time spent on her to restore her to a beautiful classic. Even with her old sails and relatively heavy displacement she still is difficult to beat in the calm waters of Zeeland, and out in the big waves of the North Sea she really comes into her own.

- Engine- Yanmar 2GM20 18kw 24hp in excellent condition
- Frame and pulley system to drop mast
- Winter cover for whole boat
- Nearly new oven and double hob
- Some running rigging replaced
- New main sail
- New Spinnaker with chute
- Many other sails but old and tired!
- New LED tricolour light
